

Letter of Reference for Micha Mahler

To whom it may concern,

When we built our new home in Leigh, our builder recommended contracting Micha Mahler to complete the entire outdoor landscaping. After consultation with us, he drew up a master plan and then implemented this plan.

Micha managed the entire project from start to finish. This included: all hard landscaping which involved moving and reshaping thousands of cubic metres of earth; water drainage system; selection and planting of all trees/shrubs/greenery; installation of water irrigation system; mulching; building large raised vege beds; paving around pool, creating a macrocarpa boardwalk; sowing the lawn; installing a clothes line; constructing rock retaining walls; concreting and sealing of all entrance walkways including a large courtyard. Micha also designed and built a water feature leading to our front door. As a master stonemason, he built our lounge fireplace (over 3 tonnes worth of South Island schist) which has become a major feature of our home.

We can wholeheartedly recommend Micha. He is an excellent craftsman, he completed the job within the time frame, within the budget with totally transparent invoices. We would be happy to provide more details or welcome a site visit.
