

To whom it may concern,

Re Living Landscapes

Micha Mahler and his team trading as Living Landscapes recently landscaped our residential property in Orewa. My wife and I were completely satisfied with his services from the initial planning stages through to the completion of the project. The work scope was completed on time and within budget.

Micha's professionalism and knowledge combined with his creative abilities made him an obvious choice of contractor for our project.

His high quality work included a set of detailed plans, including detailed plantings, drainage, etc. He designed a superb tiled patio and garden for us and we have been thrilled with the result. The works included earth moving and the construction of attractive macrocapa retaining walls and planters. The resulting garden is both beautiful and functional.

I have no hesitation recommending Living Landscapes to anyone.
